POSEY PROMISES ROAD ACTION

HIGH SCHOOL BEING RENOVATED FOR FALL AND WINTER SEMESTER

DEER HUNTERS COME BACK WITH FANCY YARNS AND ALIBIS

Several Sportsmen Bring Down Good Sized Bucks

Deer season has opened. Hunters who spent one or more days of the week-end tramping the surrounding hills, lugging their trusty—and heavy—weapons, returned with varying tales.

Fog seems to have caused no little grief to the sportsmen and furnished an excellent alibi. Others, more skillful—or more lucky—have come back "with the goods."

The number of deer brought in by Washington Township sportsmen totals 11, according to the latest available reports.

The first deer brought into Niles was brought down by the gun of William Mendoza and was placed in the MacMarr cold storage at 2 p. m. Saturday.

A. M. Alves and O. W. Ebricht, of Niles, and Mr. Andrade, of Sunol, spent Sunday in the Sunol hills and returned with one seventy-pound buck, shot by

spent Sunday hunting, returned with a no-success report.

Al, Robert and Leon Vieux spent Saturday hunting. They returned empty handed. Swirling fog, they said, prevented positive identification of the deer they sighted.

Joe Oliver, of Niles, and a party of five returned from a Sunday's hunting excursion with one, the prize of Jack Travers, of Oakland.

Ray Peterson and Frank Costa, of Niles, came back Sunday empty handed after spending all day in the nearby hills. One buck they stirred up headed for an open hillside, and would have presented a beautiful target under normal conditions. The heavy blanket of fog in the hills spoiled the shot.

Ed Paulson, of Centerville, bagged one buck Saturday.

Ernest Sabin, of Centerville, brought a deer in Saturday as evidence of his hunting ability.

A Centerville party, including George Mathieson, Andy Gronley,

NILES NATIVE DAUGHTERS TAKE CHAIRS TUESDAY

Officers Installed By Matilda Enos, of Centerville

New officers of Laura Loma Parlor, Native Daughters of the Golden West were seated at fitting ceremonies Tuesday night in the Odd Fellows' hall.

Mrs. Matilda Enos, of Centerville, district deputy, conducted the installation work.

Visitors from Centerville and Hayward were entertained by the local ladies. Refreshments completed the evening's program.

Those installed were Mrs. Mercedes Frontes, president; Mrs. Cathryn Plumb, first vice president; Mrs. Lillian Burr, second vice president; Miss Martha Crane, third vice president; Miss Adelaide Martin, marshal; Mrs. Mary Bernard, treasurer; Mrs. Rose Fournier, financial secretary; Mrs. Ethel Fournier, recording secretary; Mrs. May Moore, inside sentinel; Mrs. Anna Alberg, outside sentinel, and Mrs. Marguerite Crane, organist.

NILES LIEUTENANT ORDERED TO PANAMA

Second Lieutenant Charles B. Overacker, Jr., Air Corps, U. S. Army, a former resident of this city and at the present time stationed at Chanute Field, Illinois, has been assigned to duty with the air corps in the Panama Canal department, according to information received today from the War Department by Ninth Corps Area Headquarters at the Presidio of San Francisco. He will leave New York City for Panama on the U. S. army transport scheduled to leave that port on or about December 11, 1931.

Lieutenant Overacker is a native of California, and was graduated from the University of California, with the degree of Bachelor of Science, in 1925. He is also a graduate of the Air Service Primary Flying school, 26; Air Corps Advanced Flying school observation course, 27; and is rated as an air pilot and air observer.

SPOUSE-REITZ STORE TO OPEN BY AUGUST 15

Mr. and Mrs. M. L. Fournier to Manage New Local Store.

Mr. and Mrs. M. L. Fournier are to manage the new five-ten-and-fifteen-cent store to open soon in Niles. The store may open by the fifteenth of August, according to the managers.

The store is one of a chain run by the Sprouse-Reitz Company. Their policy is to offer quality products at prices not to exceed forty-nine cents.

Fournier, who has been conducting a bakery products delivery business throughout the township, wishes to express his thanks to those who have patronized him in the past.

Eugene Justus, of Niles, is now manager of the produce department at the Niles MacMarr store.

APPRECIATION

I wish to thank the energetic boys and girls of Washington Township for their splendid efforts in the Township Register's Boys' and Girls' Vacation Expense Money Campaign, and their parents, relatives, and friends—also Marshal Green—for their hearty co-operation.

I also wish to thank the Niles Cleaners & Dyers, of Niles; U-Needa-Cleaners, Centerville; Irvington Bakery, Irvington; Ralph's General Merchandise Store, Alvarado; M. D. Silva's General Merchandise Store, Newark; and Gu-larte's Ice Cream Parlor, Mission San Jose, for the use of their show windows and other favors.

Credit is due Norman H. Parks, publisher of the Township Register, for his liberal offer to boys and girls of gold; also silver money and the large numbers of useful gifts that were given daily.

Advertisers are to be congratulated in now being able to cover their territory at one cost by placing their ad news in the Township Register.

I have enjoyed my visit in Washington Township and the congenial office associations with Mr. Parks and the Register force.

I trust to meet all my young friends and others again in 1932.

L. C. O'BRIEN,
Campaign Manager,
Township Register.

"PICK PEARS AND WORK STARTS"

"Construction work will start as soon as those pears are harvested!"

These were the words of County Engineer George A. Posey to a small group of Niles business men Wednesday afternoon after they had spent all morning interviewing property owners along the Niles-Alvarado road which is to be extended through to Main street.

The last fears were calmed as Posey explained to doubtful property owners the plans and the value of proposed road. All but two on the lower end of the road had signed up and every one on the upper end by Wednesday noon. The remaining two signatures were expected before night.

As soon as pears on the J. C. Shinn property are harvested the construction will start. Several trees will have to be uprooted and the pears are to be removed from these trees first.

PRINCIPAL GOES FISHING

E. D. Bristow, principal of the grammar school, finished his summer course from the State Teachers' College at San Jose this week. Next week he is planning to leave on a ten days' fishing trip to Sierra City.

BROTHER AND SISTER AWARDED FIRST GIFTS IN REGISTER CAMPAIGN

Elmo and Myrle Cox, of Niles, Lead Close Contest

CAMPAIGN SUCCESS One Thousand Readers Added to Present Number

Although the campaign did not add as many names to the Register's subscription list as the publisher would have liked, some two hundred and fifty names are on the paper's mailing list as a result of the campaign. Count-

ing five readers per name, a conservative estimate, the campaign has created one thousand new readers of the Township every week. Considering the financial depression now being experienced by the country this result acclaims the campaign as a decided success.

The other six big gifts given at the close of the campaign. While the rivalry was keen throughout the campaign it was all in a most friendly spirit. When the final count was completed and the gifts awarded all expressed themselves as well pleased with their awards and the fair manner

with boy and girl entrants in the Register subscription campaign, together with the parents and friends, who were anxious to learn the winners, when the final count was made at 7:30 p. m. by Campaign Manager O'Brien.

The race in the girls' division had been the outstanding feature in the campaign for several days, and it required the last hour's work in the drive to decide winners of the three gold money gifts given girls.

The other towns divided honors with Niles, not only on the six gold money gifts but also on

THE WINNERS

NEW TOWNSHIP LODGE INSTALLS OFFICERS AT NILES WEDNESDAY

Thirty-Six In American Legion Ladies' Auxiliary

The first corps of officers of the American Legion Ladies' Auxiliary, a new Niles organization, was installed with impressive ceremonies Wednesday night.

Officers of the Albany unit of the auxiliary put on the installation with Mrs. Lila Baker, of Richmond, district president, conducting the ritual.

This first set of officers will fill out an unfinished one-year term. The new term begins in December.

The Niles unit was organized in May when its first meeting was held. At a later meeting in June the present officers were elected. Wednesday's installation has been pending since that time, waiting the arrival of the unit's charter which was received by the Niles ladies the latter part of July.

The new unit has a total membership of thirty-six so far. Its ladies are gathered from all over the township, the only town lacking representation in the organization being Alvarado.

The unit will hold its meetings, for the present, on the first and third Tuesday of every month at 8 p. m. The place will be the

American Legion Memorial Hall, Niles.

The installation Wednesday was topped off by refreshments, prepared by the ladies of the unit and furnished by the men of the Washington Township post.

Installed were Mrs. Robert Vieux, of Niles, president; Miss Betty Houghten, of Niles, first vice president; Mrs. Grace Henderson, of Niles, second vice president; Mrs. Eldred Stivers, of Niles, to fill the chair of past president; Mrs. Nell Farrington Meyers, of Niles, secretary-treasurer; Mrs. Florence Norby, of Irvington, chaplain; Mrs. Marie Dutra, of Newark, historian; Mrs. Irma Peterson, of Niles, sergeant at arms; and Mrs. Florence Alves, of Niles, marshal.

Father of Niles Woman Returns from Homeland

Cesare Dal Paggetto, father of Mrs. E. DeGulio, of Niles, has recently arrived from Lucca, Toscana, Italy. He plans to reside indefinitely with his daughter.

Paggetto left Niles for Italy a year ago. At that time he made his home here. At eighty-six years of age he still enjoys traveling and looks forward to future trips between his native land and his Niles home.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

RUNNING TRUE TO FORM

ONE TIME we had a great deal of admiration for young Vanderbilt. Coming from a family that during the past generation has believed work a disgrace, and looked upon tradesmen as coarse fellows, the effort of Cornelius, Jr., to launch a business of his own commended itself to the public. While his newspaper venture was a financial failure, we believed, and in this belief were in accord with public opinion, that the young aristocrat had, in a measure purged the Vanderbilt name from that snobbishness that instinctively suggests itself when the name of that New York family is mentioned among men and women who, each day, perhaps only in a small measure, 'tis true, do accomplish some useful and constructive thing in life.

The family objected, not so much to the fact that Vanderbilt lost several hundred thousand dollars in his "vulgar" business undertakings, but to the fact that it embarrassed other members of the name in their social activities. The thought and the knowledge that one member of the family was living at least a semi-useful life was just too much for these parasites and they moved at one time to question his sanity.

The young man, however, we now find, is still a Vanderbilt. The traditions of the family can not get away from him. The ghost of a dissolute lineage haunts him, whether his footsteps lead to a newspaper office or the twin sister of the tenderloin—the cabaret. Divorced from a social butterfly of Chicago, some time ago, the young man, instead of seeking some girl who had lived just an average, healthy, normal American life, chose another from the social register, a divorcee. He tried to mix his new theory of life with the old. The old won. Now he is front-page copy in a manner that should bring no satisfaction to any one but a degenerate.

Rounds of parties at night clubs, where drinking filled the early morning hours, led naturally to infidelity, grossness, vulgarity.

Chasing a man down the highway with a pistol after inviting, by wild parties and familiarities, the outgrowth of intoxication, the very thing he resented, Vanderbilt makes a sorry figure of himself; and sympathy, and the admiration accorded him in the past, now turn to disgust, contempt.

ALVARADO WEEKLY NEWS

Eastern Couple Visit Here on Western Tour

George Gregory, of Meadville, Pennsylvania, and his mother, Mrs. Mary A. Gregory, of Centerville, visited Mrs. J. P. Boyd and family at their home in Alvarado on Sunday. Mr. Gregory and his wife are visiting in California from the east.

Mr. Gregory came west to attend the Elks' convention in Seattle, and then made a tour of Oregon and California having motored south during his visit in this district.

Mr. and Mrs. Gregory left the early part of this week for Edinburg, Texas, enroute to their home in Pennsylvania.

Alvarado Personals

Miss Mildred Jung has been confined to her bed for the past few weeks due to illness.

Mr. and Mrs. L. L. McCellan visited in Alvarado over the week-end.

Wm. Hansen, of Alvarado, left Monday on a vacation to be spent touring northern California, Oregon, Washington and British Columbia. He will be accompanied on this trip by his brother.

Mr. and Mrs. F. L. Wenks, of Modesto, are visiting at the home of Mr. and Mrs. Charles Baird and their daughter, Helen, in Alvarado.

ALVARADO BABY IS HONORED ON BIRTHDAY

Little Caroline Soderlund, daughter of Mr. and Mrs. Theodore Soderlund, was honored Saturday afternoon at a delightful birthday party. It was Carol's first birthday.

Nine little guests were present. They were entertained with games and toys. In the middle of the afternoon refreshments were served on a table beautifully decorated with pink and blue paper with a center bouquet of pink geraniums.

Tiny Carol was the recipient of many beautiful gifts. Among the little tots present were Doris May Rose and Loraine Rose, of Irvington; Alvina and Winifred Santos and Alberta Menezes, of Alvarado; Barbara Newman, of Berkeley; George Birchenall, Jr., of Alameda; Joseph Jacinto, Jr., of Alvarado; and Charles Newman, of Berkeley.

Mothers present were Mrs. Warren Newman, Mrs. John Newman, Mrs. William Rose, Mrs. Theodore Soderlund, Sr., and Mrs. George Birchenall, Sr.

ALVARADOANS AT RECEPTION IN LIVERMORE

Mr. and Mrs. G. P. Hellwig, Mr. and Mrs. Edwin A. Richmond, Mrs. J. P. Boyd, Miss Jeanette Richmond and Miss Bernice Boyd attended a reception at Livermore on Monday evening.

The reception was given by the Livermore chapter, Order of Eastern Star, in honor of Mrs. Elizabeth Savage, worthy grand chaplain, Order Eastern Star, State of California, who is a member of that chapter.

Mrs. Hellwig being worthy grand matron of the State of California was a distinguished visitor. Many other grand officers were present, and many matrons and patrons from other lodges.

Alvarado Personals

Wm. Logan, of Alvarado, has been in Marysville for the past few weeks on business.

The bridge club met at the home of Miss Mildred Nauert in Alvarado Wednesday of this week.

A. Halstrom, of Newark; J. P. Boyd, George P. Hellwig, of Alvarado, spent the week-end deer hunting in the Livermore hills on Mr. Hellwig's property.

Miss Sally Powers returned to her home in Oakland on Sunday after spending a two weeks' vacation with her cousin, H. Morton Springer, Jr., in Alvarado.

Mrs. J. H. Ralph is at present at her summer home in Brookdale.

Miss Helen Hughes, of Oakland, spent Wednesday visiting with Mrs. W. Robie.

Mr. and Mrs. Thomas Flores and family, of Richmond, visited with Mr. Flores' mother, Mrs. Elizabeth Flores, over the week-end.

Grammar School Opens Monday In Alvarado

Alvarado grammar school will reopen on August 10, according to a bulletin issued this week by the clerk of the board of trustees, Mrs. Fannie R. Robie.

Aside from the two vacancies made by the resignation of Miss Helen Hughes and Miss Mildred Pearce, the faculty will be the same as last year, consisting of the same number of teachers. Mr. Wasley is principal, and music will be under the direction of Mr. McLellan and Mrs. Charlotte Foster as it was last year.

Woman Pays Fine; Is Released From Jail

Mrs. Frances Medina, who was sentenced to jail on a liquor charge last week, has been released.

After serving several days of her sentence, which was twenty days, she paid the balance of the fine due. The total fine was \$100—five dollars for each day of the jail sentence.

Corona—New fire truck arrived for this city.

LESLIE SALTS CATER TO LADIES

Win Victory Over Virdens By Score of Seven to Three

The Leslie Salt nine is trying to persuade more women to become fans and attend the games regularly. They are inviting all the women to attend this coming Sunday's game at the Alvarado diamond free of charge. They will play the Ponce club.

The Salts again emerged victorious Sunday when they won over the Virden Packing Company with a score of seven to three. Jacinto was unable to catch due to an injury to his arm, sustained in the previous game.

Leading batsman for the Salts was Perry with two for three and Olsen and Soares for the Virdens with two for two.

TWINS BORN

Mr. and Mrs. Joseph Gasper, of Seattle, are the proud parents of twins. Mr. Gasper is the son of Mr. and Mrs. Frank Gasper, of Union City Road, and was at one time an Alvarado business man.

MORE ON DEER HUNTERS

(Continued from Page 1)

and Jack Benbo, came in Sunday with two, both shot by Benbo. No luck was reported by Edwin Sarmiento, of Warm Springs, who spent Sunday in the Livermore hills.

A Saturday trip, including E. D. Bristow, and O. W. Ebright, of Niles; Allison Peacock, of Decoto, and Mr. Elsie, of Centerville was fruitless. Peacock succeeded in getting a shot at a buck, however.

Earl Teeter, now of Oakland and former Niles resident, experienced no luck in the Livermore hills Sunday.

Frank Overacker, of Newark, brought home a good sized buck Saturday, as proof of his prowess as a hunter.

John Riley, of Niles, placed a deer in cold storage in the Niles Market Monday. It was shot near his place in Stoneybrook canyon.

A. E. Champion, of Oakland, who was hunting with Al Swain, of Niles, Sunday, returned with a seventy-five pound buck which he placed in cold storage at the Quality Market.

Brearte Joseph, of Niles, brought down a deer Sunday. He had to carry it on his back three miles and it so laid him up that he was unable to work Monday.

Apple pie, rib roast, and vegetables

**Cooked automatically
with the Electric Range**

It doesn't make any difference to the electric range what food you put in its oven. It is simple and easy to have perfect cooking every time and to have it automatically.

In cooking apple pie electrically, you set the oven temperature control to 250 degrees and forget about the pie until the baking time is up.

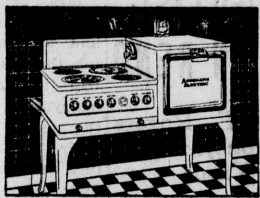

In cooking a roast with vegetables, you have still more freedom. You can place the food in the oven before lunch if you like. At four o'clock the electricity turns on, and the thermostat automatically keeps the oven heat just right. At six o'clock the electricity turns off. When you return home, simply take the food from the oven—hot—and deliciously done.

Electric cooking is clean. As for speed, the oven heats up to 400 degrees in 9 to 11 minutes. New platform cooking elements are faster—as fast as you'd want them. And the electric range is economical—the cost of electricity averages 1c a meal per person.

A few dollars down and a few dollars a month places an electric range in your kitchen. Come into our office and see the electric range.

MORE ON BROTHER AND

(Continued from Page One)

in which the campaign had been conducted. All were happy, winners of the fourth, fifth and sixth gifts, apparently as well pleased as the winners of the gold money gifts. Campaign Manager O'Brien states that the little ones always prove themselves better sports than grownups in a contest of any kind.

Every community was thoroughly canvassed by the almost one hundred boys and girls registered in the campaign, many of them being assisted by their parents in the work, as parents appreciate the benefit to their boy or girl in salesmanship, thrift and confidence derived from working in such a campaign. The unusual features of the campaign were that a brother and sister won the boy's and also the girl's first gifts of \$15 in gold each. In the eighty-nine subscription campaigns conducted by O'Brien for California newspapers only once before did a brother and sister win the two first gifts, when George Parks, eight years of age, and his sister, Mildred, seven years of age, won the two first gold money gifts in a similar campaign on the Hemet, California, News.

Another unusual feature was that Elmo Cox, winner of the boy's first gold money gift, also won two big special gifts, a boy's wrist watch for securing the most points in one week, and the \$5 in gold offered by O'Brien to the Boy Scout securing the most points during the campaign. It was also unusual that Elmo's sister, Myrle, winner of the girl's first gold money, also won the girl's wrist watch, which was given for securing the most points in one week.

Winners—

Elmo Cox, son of Mr. and Mrs. G. G. Cox, of Niles, won the boy's first gift of \$15 in gold, commissions of silver money on each subscription, also many of the useful gifts given daily.

Howard Stinhliver, son of Mr. and Mrs. G. E. Stinhliver, Centerville, won the boy's second gift of \$10 in gold, commissions of silver money, and several of the daily gifts.

Antone Reis, son of Mr. and Mrs. John Reis, Mission San Jose, won the boy's third gift of \$5 in gold, silver money and several daily gifts.

Howard Rose, son of Mr. and Mrs. G. B. Rose, Niles, won a boy's gift, a watch, silver money and daily gifts.

Billy Millet, son of Mr. and Mrs. W. A. Millet, Centerville, won the boy's fifth gift, a camera, silver money and daily gifts.

Joe Correa, son of Mrs. Cecelia Correa, Niles, won the boy's sixth gift, a fountain pen, silver money and daily gifts.

Myrle Cox, daughter of Mr. and Mrs. G. G. Cox, Niles, won the girl's first gift of \$15 in gold, silver money and many daily gifts.

Helen May Witherly, daughter of Mrs. Cassie Witherly, Mission San Jose, won the girl's second gift of \$10 in gold, silver money and many daily gifts.

Lorraine Oliver, daughter of Mr. and Mrs. Manuel Oliver, Niles, won the girl's third gift of \$5 in gold, silver money and many daily gifts.

Alvina Santos, daughter of Mr. and Mrs. A. Santos, won the girl's fourth gift, a camera, silver money, and several daily gifts.

Marion Dick, daughter of Mr. and Mrs. A. R. Dick, Centerville, won the girl's fifth gift, a pen and pencil set, silver money and daily gifts.

Mary Sousa, daughter of Mr. and Mrs. Manuel Sousa, Niles, won the girl's sixth gift, a pearl necklace, silver money and daily gifts.

Many other boys and girls received silver money and daily gifts, repaying them for their efforts.

IRVINGTON WAR ON MOSQUITOS NEARS FINISH

Unusual Conditions Call
for Unusual
Remedy.

Mosquito abatement work around Irvington will probably be finished this week, according to latest reports.

The situation there, because of unusual conditions, is slightly difficult to handle. Drainage collects in a slough and spreads out over pasture land. Gambusia fish which feed on mosquito larvae, can live only in the main channel of the slough, which has no outlet. The great majority of the mosquitos in that region breed in the water spread out over the flat grazing land.

Because this land is used for grazing, oiling to kill the larvae is impracticable. The only resource left to the abatement crew is to temporarily drain the flat lands back into the main slough channel and allow the larvae to die from lack of water. As soon as this is accomplished the grazing land is again allowed to flood itself.

The mosquito nuisance in the Irvington vicinity has become intense during the last month. It is expected that due to the concentration of work in the vicinity for the past few weeks the nuisance will be greatly abated by the end of the week.

VACATION BIBLE SCHOOL PROGRAM TOMORROW NIGHT

At the Irvington community church on Friday evening of this week at seven-thirty a program will be presented by the children of the Vacation Bible School.

A demonstration will be made of the work which has been done. Articles made by the children will be exhibited. A Bible play will be given.

People of the church and community are urged to come. Miss Elizabeth Sharp, superintendent, and Mrs. Carl Christensen, in charge of the primary department, have been doing splendid work.

FORMER IRVINGTON PASTOR TALKS ON KYA.

Rev. John R. Stevenson, former pastor at the Irvington church, will broadcast a fifteen-minute talk over KYA every Wednesday morning in August at 8:45. His subject will be "The Lord's Prayer."

Reverend Stevenson compiled the book from which the scripture lessons, appearing in the Register, are taken. He is now pastor at the Grace Presbyterian church in Daly City.

PICNIC AT PEBBLE BEACH

A picnic party of Irvington people went to Pebble Beach Sunday. They were Mr. and Mrs. M. Medeiros and family, Mr. and Mrs. Joe Bettencourt, Mr. and Mrs. Furtado and niece, Beverly, Mrs. J. Correa and family, and Mr. and Mrs. George Enos and family.

Irvington Personals

Mr. and Mrs. F. Rose and family spent Sunday at an Alameda beach.

Mrs. Annie Enos, of Pomponio, is staying with relatives in Irvington.

Mrs. Claude Newlin, a former resident of Irvington, is now living in Niles.

Niles Personal Items

Mrs. Antone Garcia spent Monday shopping in San Jose.

Mrs. Bart Thane and her daughter, Fay, spent the week-end at the home of Mr. and Mrs. J. E. Thane.

Mr. and Mrs. Charles L. Tilden, of Alameda, visited Mr. and Mrs. J. E. Thane Sunday.

W. H. Ford is enjoying the annual jinx of the Bohemian club at Bohemian Grove, Marin county.

MECHANICAL EQUIPMENT IS IMPROVED

Register Adds to Facilities
of Composing Room
Department.

Remodeling of the composing department of the Township Register occupied last Friday and Saturday. The new arrangement of equipment in this branch of the business will make for greater speed and efficiency in the publishing of the Register each week. Included in the improvements were the installation of several new pieces of equipment. Chief among these are a proof press, cutting and mitering machine, reglet cabinet, galley rack, and make-up handy stand. Of importance in the improvements is the re-arrangement of

the composing equipment. The new arrangement of the stones, type cabinets, and other equipment provides greater floor space and less walking back and forth than in the old layout.

It is expected that press days will henceforth witness a speed and efficiency never before realized in the Register shop.

Tulare — Local melon packing plant on North "T" street started its third annual run.

"AGGIE" COURSE OFFERED TO HIGH SCHOOL STUDENTS

Paul Dougherty Will Be Instructor Of the Study

With the opening of school on August 31, courses in agriculture will be offered at the high school. The board of trustees have included these courses in the curriculum because of the demand of students for training in vocational agriculture.

The courses offered will follow the Smith-Hughes program as outlined by federal authorities and administered through the State Department of Education, Julian McPhae, from the state office and Richard J. Werner, his assistant, will supervise the work in the Washington Union High school. Paul Dougherty will be the instructor in charge.

Mr. Dougherty will offer three courses this coming school year. A general introductory course for freshmen, which will include poultry, field and truck crops, and soil fertility. The second year course will be devoted to animal husbandry. The third and fourth year work will be built around the individual interest of the upper class boys in preparation of vocation on graduation.

Mr. Dougherty is spending much of his time this summer visiting and registering boys who wish to take this work. He keeps office hours at the school each Tuesday and Friday from 1 to 3 p. m. and would like to meet any boys who may be interested in agriculture.

HIGH SCHOOL NOTES

The schedule of classes for the next school year is under advisement by the board of trustees. They are considering having a ten period school day, each period to run for forty minutes allowing four minutes between classes. Under this plan they hope to be able to properly house the pupils and not be called upon to build any additional class room to care for the increased enrollment.

School opens Monday, August 31, 1931.

Work is progressing nicely on the backstops for tennis courts, and they should be ready for play by the last of next week.

Florence Aust writes from the islands that she is having a fine time, was a good sailor going over, excellent weather, and hasn't felt better in ages.

R. Moore visited the school this week. He came back to Centerville to have his credential renewed.

MORE ON HIGH SCHOOL

(Continued from Page One)

reinforced to prevent breaking when walked on.

Linoleum in the halls, offices, and library is being scrubbed and refinished. A machine scrubber and two washing solutions are necessary to restore the original surface. It will then be preserved with two coats of stain and two of varnish. The new finish will be immeasurably easier to sweep and keep clean than the old.

The auditorium floor is being thoroughly sanded. A varnish finish will then make the excellent pine floor similar to hardwood and will preserve it fully as long. The new finish will be a marked improvement over the old oil surface.

Wood trimming and paneling throughout the entire school is to be refinished with varnish before the opening of school.

The gymnasium floor is to be entirely sanded and finished with a special gymnasium finish. This finish is an especially durable varnish finish with a gloss but no slippery qualities. When sprinkled for dancing it will equal any waxed hardwood surface. Plain water restores it to its original state for gym work.

All these improvements are designed to facilitate permanent and continual upkeep work at the minimum of expense. A good building without proper maintenance will soon grow old, but even a poor building with constant care will last for years. Washington Township has a good high school and this summer's work has been undertaken to keep it good.

PLEASANTON HAS 331 LISTINGS IN TELEPHONE BOOK

Pleasanton's new telephone directory, issued this week, showed an increase of nineteen listings over the book published in January. The August issue of the directory gave 331 listings in the Pleasanton section against 312 at January.

From the listings must be subtracted the duplications, which this time total twelve, showing that there are 319 telephones in Pleasanton homes and business houses. This also is an increase over the number in use in January.

There is almost an item for the "strange as it seems" columns in connection with the Pleasanton section of the directory. There are neither any Jones' nor any Smiths' listed.

PLEASANTON PAIR ARE MARRIED LAST WEEK IN RENO

Mr. and Mrs. F. Rogers Spending Honeymoon at Lake Tahoe

At a quiet ceremony performed at Reno on Tuesday afternoon last week, Miss Ruth Bailey became the bride of Frank Rogers, both of Pleasanton.

Miss Bailey has been employed as a waitress at Ratti's Restaurant for the past few months. Rogers is employed at Martin's

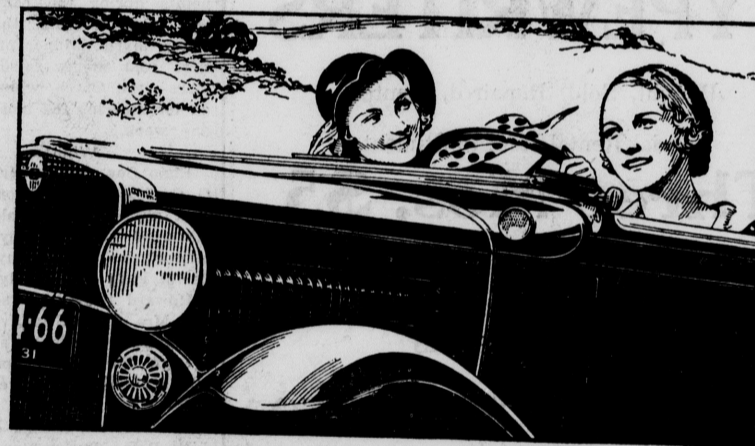

Meat Market and is very well known throughout the community.

Mrs. Mary Faubion and John Ratti accompanied them to Reno and witnessed the ceremony. After the wedding they left for a trip to Lake Tahoe on their honeymoon for the remainder of the week.

Mr. and Mrs. Rogers will return this week-end and make their home on Buena Vista avenue.

Eureka — Trinity highway between Eureka and Redding being widened between Redwood Creek and Burnt ranch.

Bieber—Pacific Gas and Electric Company to construct power line into Big Valley.

Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the

clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less!

Twenty beautiful models, at prices ranging from \$475 to \$675

High School Board Of Trustees Meets

The high school board of trustees held their regular monthly meeting at the school last Tuesday evening. Routine business was transacted. Mr. Whipple, Mr. Logan, and Mr. Oliveira were appointed to look after the placing of insurance on the school busses.

The board, after much study, decided the biggest need and the one that would give the most benefit to the school and community would be permanent seats for the auditorium. This is the only improvement that will be attempted this year.

Asulikit Club Meets At Niles Tuesday

The Asulikit club met Tuesday afternoon at the home of Mrs. H. Mosher, in Niles.

Meetings of the club were suspended during the past month and Tuesday's gathering was the first on the post summer program.

JOINT MEETING IN LIVERMORE IS HELD BY FARM HOMERS

Eighteen Pleasanton Women Attend Session Held in Livermore

Pleasanton and Livermore Farm Home Departments held a joint meet in the Women's Improvement club room in Livermore Tuesday afternoon last week. The meeting was well attended with fifty-five members present, of whom eighteen were from Pleasanton.

Mrs. K. Macy and Miss Rose, of Oakland, gave lectures on personal improvement. Lois B. Rovines of Alameda, demonstrated how to prepare various types of salads.

Redondo Beach—Plans submitted for improvement of Redondo boulevard from West Grevilla avenue.

Man, Wife Die In Train-Auto Wreck Collision at Pleasanton

Mr. and Mrs. Victor L. Giroux Are Fatally Hurt in Wreck

As a result of a collision between a Western Pacific Railway passenger train and an automobile at the crossing on the Santa Rita road Tuesday night of last week, Victor L. Giroux, 35, and his wife, Bernice W. Giroux, 35, are both dead.

The accident occurred at 11:05 o'clock and was witnessed by C. K. Harris, employee of the Kaiser Paving Co. Pleasanton, who was enroute to Santa Rita. He explained to officers that he heard the oncoming train and saw the wig wag signal moving. He brought his car to a stop a short distance from the tracks.

Coming toward him he saw the car occupied by Mr. and Mrs. Giroux. They appeared to be traveling at about 25 miles an hour, Harris declared, adding that he expected them to stop. Instead of stopping their car drove upon the tracks and was struck squarely in the middle by the locomotive.

Giroux was thrown clear of the wreckage outside of the fence alongside the right of way. His wife was pinioned under the wreckage inside the fence. The rear end of the automobile was carried a distance of more than 500 feet before the train stopped.

When taken from the wreckage both Mr. and Mrs. Giroux were alive, but unconscious. Giroux was placed on a truck and started for a Livermore hospital. He died on the road. Mrs. Giroux was taken to the Hetch Hetchy hospital at Livermore, where she died shortly after her arrival.

The wrecked car was towed into the Pleasanton Fireproof garage.

Giroux, who resided in San Francisco, was a nephew of Mrs. Remillard, owner of the Remillard Brick Company of Pleasanton. He was in charge of the Oakland office of that concern, and had been a frequent visitor in Pleasanton. Their young son, who was employed at the brick yard, was notified of the accident and hurried to the hospital.

The remains of the two victims were taken in charge by Deputy Coroner J. C. Reimers, of Livermore. The date for the inquest has not been announced.

The Western Pacific train, in charge of George Mollen, of Oakland, engineer; W. F. Yates, Oakland, conductor; and C. A. Jackson, Oroville, brakeman, was delayed for some time while workmen removed the wrecked cowcatcher. The train had made its regular stop at the Pleasanton station a few minutes before.

Fishing Remains Good In Streams Over California

Anglers Report Catches in Northern Part of State

Stream fishing in northern California continues fairly good, according to latest reports furnished the Southern Pacific Company and released here this week by J. W. Sheffield, Pleasanton agent.

At the same time it was indicated that lake anglers are having more than ordinary luck, particularly at Lake Almanor in Plumas county. Fishing at Bass Lake in Madera county also was said to be fairly good.

In the high Sierra, the Truckee river remains low and clear and fishing continues excellent, with a number of limits reported in the past week, according to word received by Sheffield.

Salt water fishermen also are enjoying fine sport at Port Costa and Santa Cruz.

Personal Items

Mr. and Mrs. J. D. Ferry and son, Frank, and Mrs. Carrie Martin, and daughter, Adelaide, enjoyed a theater party in Oakland, Sunday.

Frank Duarte and Ernest Nagli witnessed the Santa-Chevalier fight in Oakland Monday night.

Miss Verna Orcutt is spending the week with friends in Turlock.

Pete Kallas and friends, of Pittsburg, visited Mrs. B. Enos, in Niles, Sunday.

Mrs. Fay Bartelson has been recently transferred from the Niles MacMarr store to the Hayward branch.

Miss May Fields, of Niles, and Miss Adeline Fontes, of Mission San Jose, spent Sunday in Santa Cruz.

Mr. and Mrs. Owen Swainson spent Sunday in San Francisco with friends.

Mrs. Azle Monroe and Mr. and Mrs. Ellsworth Grant, of Alameda, spent Sunday in Niles with Mr. and Mrs. E. G. Weed.

TWO SMALL SIGNS MAY BE BOUGHT FOR PLEASANTON

Improvement Club To Consider Proposal as Presented

Advisability of two smaller electric signs, one to be placed at each main entrance to Pleasanton, instead of one large sign over the main street of the town at some central point, is being considered this week by members of the Women's Improvement club.

It was pointed out to the club by a representative of a sign company, last Friday evening, when the club met with members of the town council to discuss the question, that the two smaller signs could be purchased for about one-half the cost of one large sign.

It was further explained to the club that the sign company would be willing to sell on a time payment basis and be willing to enter into a contract which would necessitate the company's maintaining and servicing the signs.

The matter was taken under advisement for definite action at a later date. Officers of the club did not care to express themselves either way until further discussion had been had.

It was definitely learned, however, that the sign or signs will be purchased within a short time as the club has raised sufficient money to go ahead with its plan to present the town with such an improvement.

LACERATIONS ARE SUFFERED SUNDAY BY PLEASANTONIAN

Buford Hall Is Hurt in Automobile Crash Near Park

Painful injuries including a fractured nose and severe lacerations about the head and face were sustained by Buford Hall in an automobile crash in Dublin canyon on Sunday evening of last week.

Hall and Miss Avis Anderson, of Oakland, were enroute to Oakland at the time of the accident. It was reported by traffic officers that the car, driven by Miss Anderson, crashed into the rear of the machine operated by David R. Galbraith, of Hayward.

The accident occurred on the highway near Hermann Sons' Park when the car in which Hall was riding was unable to stop in time as it approached a string of slow moving vehicles.

Hall was taken to a Livermore hospital where his injuries were dressed. He was returned to his home here this week. The car, which was badly damaged, was hauled to a Dublin garage.

Funds For Fire Control In State Are Made Larger

Work in Forests Demands Additional Men; Finances

California's share of federal funds for forest fire control is \$167,288 for the fiscal year beginning July 1, according to a telegram received this week by Regional Forester S. B. Show, of the U. S. Forest Service. This is an increase of nearly \$14,000 over the allotment of last year.

This appropriation is made under the Clarke-McNary law which provides for cooperation between the states and federal government in fire control and is used by the State Division of Forestry for the purpose of employing additional rangers or guards, purchasing fire fighting equipment, erecting lookout towers or other prevention measures.

Owing to California's increasing expenditures in forest fire control the state's allotment from federal funds has been augmented \$104,000 in the last three years. The territory covered by the state forester's protective organization lies outside of the boundaries of the national forests and embraces about 19,000,000.

CONTRACTORS TO BE DEALT WITH MORE STRICTLY

State License Law Will Be Enforced; Two Complaints Filed

That the State Contractors' Act of California is to be vigorously enforced during the coming state fiscal year was evidenced this week by the issuance of warrants for the arrest of Ray Conroy and Hans Johnson, of Pleasanton, whom the complaints charged with operating as building contractors without a state license. The complaints were sworn to by James Fellom, investigator for the Department of Professional and Vocational Standards, the warrants being issued by Justice of the peace Chas. A. Gale, Pleasanton. In an interview Fellom stated that enforcement of the state law dealing with unlicensed contractors will be prosecuted to the fullest measure, particularly in the case of flagrant violators.

Fellom declared that a concerted effort is being made to protect the public against the unscrupulous contractor, who, he said generally preys on the unwary builder, resorting to all manner of fraudulent practices to obtain all he can from a job without regard for workmanship or the type of material used.

He urged all those who contemplate building or repairing to first require the contractor to show his state license, as only by the employment of state regulated mechanics may they be properly protected.

The state license fee is \$10. The contractors' bureau is under the jurisdiction of the department of professional and vocational standards, of which Col.

Suppose

all Presses Stopped tonight

IMAGINE a world without the printed word—every field of human endeavor handicapped!

Printing, in this state, is both a great industry and a fine art. California printing companies frequently receive orders from many other states, and even from foreign countries.

More than 14,000 Californians are employed in printing and allied industries. Yearly expenditures for wages and materials exceed 65 million dollars.

Successful plant operation requires sound use of commercial credit, as well as dependable banking service.

And Bank of America takes pride in the fact that more than 350 printing and publishing companies are depositors in this Bank.

Most of these concerns pay employees by check—avoiding the risk of handling cash, and reducing insurance costs.

In depositing these checks at various Bank of America branches, hundreds of printing craftsmen make regular additions to their interest-bearing savings accounts. Steady financial progress is the happy result.

To business concerns in this community, as to individual depositors, Bank of America offers the same advantages: alert, dependable service—and the security of ample, diversified resources.

9 of the 10

largest printing companies in California are depositors in Bank of America

Cool Salads for Hot Days

WITH hot days in the offing, every housewife likes to serve cooling salads, but somehow the idea of preparing one in the stifling afternoon for supper doesn't sound so attractive. So why not make the salad in the morning when you are in the kitchen anyway? Use gelatin to mold the fruits or vegetables, put it in the ice-box to keep cool, and there your refreshing salad is, in the evening—all ready to turn out and serve.

Colorful and Cheerful

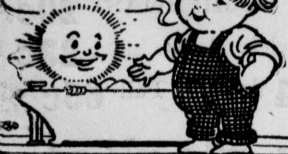

Some recipes for gelatin salads are:

Jellied Cheese and Pineapple Salads: Soak one tablespoon gelatin in four tablespoons cold water, then dissolve over hot water. Mash two three-ounce cream cheeses, add two cups crushed pineapple and eight-

een sliced, stuffed olives. Add dissolved gelatin, and season to taste. Pour into individual wet molds and chill. Serve unmolded on lettuce, garnishing with whole stuffed olives and cream mayonnaise.

Jellied Asparagus and Pepper Salad: Soften one tablespoon gelatin in one-fourth cup cold water. Add enough water to juice from a can of asparagus tips to make one cup. Add one bay leaf and one sprig celery tops, and boil three minutes. Strain over gelatin, and stir until dissolved. Add one and one-half finely diced green peppers, one sliced, boiled carrot and one-fourth teaspoon salt. Arrange asparagus tips, tip end down, around the edge of a fluted mold. Pour gelatin mixture in center and chill. Serve, unmolded, on lettuce, garnished with mayonnaise.*

ONE THING SURE
A NICE COLD BATH —
ALWAYS COOLS
OFF SUMMER'S
WRATH!

SUMMERTIME can't stay mad very long in the vicinity of a nice cool bath. Turn on the cold water. Turn off the perspiration, take a cold shower and cheer up a bit. Remember what folks say about the plumbing shops being the place to go for your every plumbing need. They are telling you the truth.

BOOTLEGGER BATTLES RAIDERS WEDNESDAY

A free-for-all battle between Tony Escobar, of Mission San Jose, and four officers from the sheriff's office led by Harry Adams resulted when the officers raided Escobar's ranch on the Mission-Sunol road with a liquor search warrant, shortly after noon Wednesday.

After destroying 800 gallons of wine the raiders brought Escobar before Judge J. A. Silva, at Niles, where he pled guilty to sale of intoxicants and was fined \$200.

When the officers presented the search warrant at Escobar's place he took the whole matter as more or less of a joke until he saw his precious wine being emptied onto

the ground. He started to forcibly eject the officers from his premises, and, being a powerful man, very nearly succeeded. It took the combined efforts of the four officers to overcome him, and he didn't give up the struggle until badly beaten.

Los Angeles—One million dollar Overland Terminal warehouse of Union Pacific system at Ninth and Alameda streets, ready for occupancy.

Kenfield—P. S. Harless received contract for street paving and building of curbs and gutters, with bid of \$8,834.

Marino Iacopi and Fern Garcia spent Sunday at the beaches in Alameda.

Misses Mary Lucas and Eleanor Silveria are spending the week in Carmel.

Miss Fern Garcia plans to spend next week at Carmel.

Rino Quartaroli is spending a week with a cousin in San Francisco.

THREE FINED ON TRAFFIC CHARGES IN NILES COURT

Three fines for traffic violations were imposed by Judge J. A. Silva at the Niles court Tuesday.

Reginald Bell, of Palo Alto, was fined \$10 for speeding, as was Lawrence A. Olson, of Albany. Reckless driving earned a \$25 fine for Roy Tocchini, of Oakland.

Editorial Comment

NORMAN H. PARKS, Publisher Register

ated as a part of the law when California adopted its constitution. It was not meant that a governor could nullify this law because he himself did not believe in capital punishment. Power was vested in the executive to commute hanging to life imprisonment, if mitigating circumstances presented themselves after the conviction, or evidence adduced that the crime did not merit the full penalty exacted. Certainly it was not the intention of either of those who framed our constitution, or later legislatures that modified or changed the penal code, that a governor should, without reason, indeed very good reason, interfere with the sentence imposed by the court.

A WISE OLD PRINCESS

INFANTA EULALIE, princess of Spain, and aunt of the deposed king, doubtless has won the respect of modern thought throughout her own country and the world by drawing these wise conclusions in an interview given the press at her retreat in Paris:

"Revolution is wrong, but no one of the royal family was killed. The people just politely asked us to go. It was merely an 'evolution.' Our former system belonged to the middle ages. Naturally I am monarchist at heart. I like England; but the old order of monarchy will never return to Spain."

And she is right—the old order will never return to Spain. The principle of Democracy will suffer, from time to time, reverses, such as witnessed in Italy, but the general and ultimate trend is toward world-wide republican government. A greater share in governmental matters will constantly revert to the people themselves; problems of statecraft will more and more be brought direct to the people. Secret treaties are even now generally a thing of the past in the more progressive governments of the world while a few years ago the very idea of open conference with a foreign nation was unthinkable.

The greatest task before the world today—and it will remain a problem maybe for centuries—is the subjection of money power. Money supplants monarchy. The special privileges handed out by kings of other days now are procured through corrupting influences of too much wealth in the hands of a few.

The fight goes on. It will never end. It is not a fight so much between the rulers and the people—it is a contest between justice and greed. The thrones of kings have tumbled, and the scepters of authority dropped by kingly hands have been snatched up by powerful capitalistic groups. It is this issue that we must meet. Human rights must be considered as prior to the rights of dollars. The cry of vested interests must be subordinate to the interests of the greatest numbers. Where men fought despots with bullets and revolution, this age of men and women must fight greedily dollars with ballots. Personal honesty must become a creed in public and private life in America if we are to profit to the fullest extent by the fall of kings and emperors.

DECOTO FIRE TRUCK SHOWN AT CONVENTION

Truck Now In Santa Rosa
Will Return Home
Next Week.

Decoto's fire truck has become a source of pride to the fire chief, firemen, and community. It is now being exhibited as a model truck at Santa Rosa where the state firemen's convention is underway.

It is hoped that it will find its way back to Decoto by next week. It was recently sent to a Sacramento firm for overhauling. There it attracted attention of officials and was sent to the state convention. Its design was personally supervised by the present Decoto fire chief, Roland Bendel, when it was built.

During the truck's absence a machine loaned by the repair company has seen active service in fighting several Decoto fires.

Tommy Estidello has returned from Del Valle and is now again attending the regular troop meetings.

Lawrence Pine and John Cataneo planted a lawn in the yard of the scout house Sunday.

Preparing for the lawn planting occupied most of the evening at the troop meeting last Friday. The meeting ended with games.

Charles Myrick was appointed patrol leader of the Second Class Scouts.

Niles troop is now meeting on Tuesdays and Fridays.

AIR BASE DEED FORMALLY GIVEN TO NAVY MONDAY

Construction Work To Start During This Month

At San Francisco ceremonies Monday afternoon deed to 1000 acres of Sunnyvale land was formally presented to Rear Admiral W. C. Cole, commandant Twelfth Naval Division. This was the final formality before actual construction work will begin.

The deed was presented by Leland W. Culter president of the San Francisco Chamber of Commerce, at exercises sponsored by his organization, the Junior Chamber of Commerce and the Downtown Association. Culter as a boy lived in Irvington and many residents should remember him.

Contract for the first construction work at Sunnyvale will be awarded this month. Road work and grading has already begun on the air base site.

The dirigible to be housed at the completed air base will be the largest in the world. It will be christened ZRS-4 by Mrs. Herbert Hoover at Akron, Ohio, next Saturday.

GRAMMAR SCHOOL BEING REPAIRED FOR FALL SEMESTER

Repair work on the Niles grammar school preparatory to the opening of the fall term is progressing at a rapid rate.

The biggest job being undertaken is the complete renovation of the class rooms.

"FEED" ENJOYED BY FIREMEN AT FRIDAY MEETING

Last Friday's meeting of the Niles Fire Department featured a "feed" for the firemen.

Upon meeting at the fire house the boys trekked out to the box factory where they tested all the hydrants. Upon their return all refreshments in sight were quickly placed out of sight.

The meeting was a complete success.

Sister of Niles Woman Leaves For Her Home

Mrs. W. W. Brown and daughter, Kathryn, left Sunday for their home in Grand Junction, Colorado. Mrs. Brown has been staying with her sister, Mrs. Charles Hiser in Niles.

Mr. and Mrs. Hiser journeyed to Oakland Sunday to see them off on the train. Mrs. Brown, who has spent a month in Niles, her second visit to California, expressed her displeasure at leaving the bay region climate for that of her home.

Today's Scripture LESSON

By Rev. John R. Stevenson

Bless the Lord, O my soul, and forget not all His benefits.—Ps. ciii. 2.

Wiser it were to welcome and make ours
Whatever of good, though small,
The present brings—
Kind greetings, sunshine, song of birds, and flowers,
With a child's pure delight in little things.

—R. C. TRENCH.

SCORES ACE

H. C. Claudius scored an ace at Castlewood Country club on Sunday when his tee shot at the fourth hole found its way home. It was a 142 yard drive.

Mr. and Mrs. Joseph Laurence motored to Evergreen Sunday and sent the day with relatives.

Mr. and Mrs. Joe Merciel and family bought a new Nash car.

Caton Laurence and Joe Duarte motored to Pleasanton Tuesday morning on business.

NEW TELEPHONE DIRECTORY IS OUT LAST WEEK

Alameda county's new telephone directory is included in the 4,000,000 annual circulation of Bell telephone directories on the Pacific coast, one of the largest group editions of its kind in America, according to F. E. Humpert, manager of the Pacific Telephone and Telegraph Company.

"California has two of the six largest American directories in point of circulation. These are the San Francisco-East Bay and Los Angeles books," said Manager Humpert. "The Pacific coast has four of the twenty-six largest, in San Francisco-East Bay, Los Angeles, Seattle and Portland. This may seem strange, in view of the heavily populated east, but it is because the coast has four out of the first eleven cities in America with the greatest number of telephones per capita."

American telephone directories total 230, with over 35,000,000 annual circulation.

The new Alameda county directories show clearly America's telephone leadership compared with foreign. Some of the smaller northern California directories list almost as many telephones in one or two small counties or a small city as are found in all seven countries of Central America, which have only 23,650 telephones in all.

One of the Central American books, for Guatemala City, was compared the other day with the local book by Miss Gisella Masera, wearing the striking costume of the native Indians of Guatemala. Guatemala City has 4.3 telephones per 100 people, while Alameda county has 27.4 per 100.

Delivery of the Alameda county directory in a new brown cover has been completed. The book lists 3497 telephones in the alphabetical section and 1308 telephones in the buyers' guide section.

WISE and OTHERWISE

By W. T. D.

TEARS

If every wish were granted,
If every hope came true,
If every seed we planted,
A lovely blossom grew,
If every day were sunny,
And everyone were wise,
There'd be no sweet in honey,
There'd be no joys to prize.

If we knew that tomorrow
Would be just like today,
With not one touch of sorrow,
Nor care to spoil our play;
No doubt and no misgiving,
No heartaches and no fears,
Then vain would be our living,
We'd crave the joy of tears.

We'd sigh for sacred sorrow,
We'd long to feel the rain,
And we would yearn to borrow
The blessedness of pain.
For more than all the pleasure
That came and quickly fled
Adown our years, we treasure
The tears we have to shed.

Dwight Morrow claims he has not presidential aspirations. Maybe not today—but aspirations may be born to Morrow.

Says Science now: "When loaded with likker the thyroid gland is what decides whether you stumble or stand."

I'd find a lot more pleasure in driving 'round at night
If the lights of other motor cars
Were not so cussed bright.

When we stop to contemplate that Max Baer has recently embraced the matrimonial state, we are moved to remark that he should worry about fighting.

Andrew L. Jorgensen Heads Pleasanton Odd Fellows Lodge

Installation of Officers Is Held at Hall on Wednesday Evening

Installation of officers for the ensuing term occupied the Pleasanton lodge of Odd Fellows at its meeting last Wednesday night, with Andrew L. Jorgensen being seated as the noble grand.

The ceremonies were witnessed by a large number of members of the Pleasanton lodge and of visiting Odd Fellows from Niles, Warm Springs and Alvarado.

District Deputy Grand Master Jas. Hunter, of Alvarado, and his staff acted as installing officers. The deputy grand master's staff was composed of Odd Fellows from the various lodges in this district. The work of the team was excellent and drew enthusiastic applause.

The corps of officers who will assist Noble Grand Jorgensen for the next six months is as follows: Roy Bollock, vice-grand; Sam A. Paskevitz, warden; John Ruppel, conductor.

Christian Leeuw, inside guardian.

John Berns, outside guardian.

Lloyd H. Rhodes, right scene supporter.

T. H. McDowell, left scene supporter.

David Milsap, acting past grand.

Ollie A. Page, chaplain.

Right supporter to the noble grand, J. P. Sorensen.

Left supporter to the noble grand, Layton Hanifen.

Right supporter to the vice-grand, Robert Blacow.

Left supporter to the vice-grand, Henry Woods.

V. Bernard Johnson, recording secretary; George S. West, financial secretary; and T. H. Silver, treasurer; were elected for year terms at the first of January and continue to hold their posts for another six months.

ARE ALWAYS FULL OF THAT KIND OF NEWS

WEEK by week all of the news of the district is faithfully and accurately told to a host of friends. We are always pleased to receive either your news or advertising.....

Crawford Letnam, president of the "senior" chamber of commerce, was presented with a similar favor in the regulation size as befitted his position with the older organization.

Interesting bits of entertainment were offered by various members of the organization during the course of the meeting. There were talks by various members and guests, all of which enlivened the meeting.

During the business session a preamble to the chamber's by-laws was offered by a committee composed of F. W. Brenner, Ernest W. Schween and Lloyd H. Rhodes. The preamble as presented follows:

"The Junior Chamber of Commerce of Pleasanton has been founded by the young business men, and their associates in the community, for the better promotion of civic and commercial welfare among its citizens.

"The Junior Chamber of Commerce of Pleasanton fully believes that the advancement of good will, of civic mindedness, and of a more complete program of community advertising is most necessary; that it is one of the outstanding objectives of this and every other community. To that end it pledges itself to the successful furtherance of such a program.

"The Junior Chamber of Commerce of Pleasanton is a non-political organization. But, it does reserve the right to endorse either a political project or a political candidate when the time arises, and when the defeat of either the project or the candidate be detrimental to either the civic or commercial interests of Pleasanton."

The next meeting of the Junior Chamber of Commerce will be held in the town hall on Thursday evening, August 13.
